Supply List

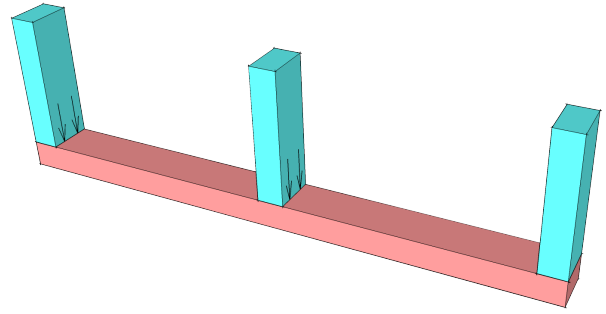

Item	Quantity	Description
1 x 10 x 8'	1	Pine or whitewood board
2 x 3 x 8'	2	Pine or whitewood board
4' x 4' x 1/4" hardwood plywood	1	
1 x 4 x 6'	3	Select pine or whitewood board
Brad nails	Handful	
2-1/2" pocket hole screws	18	
3.5" Torx or wood screws	12	
Gorilla wood glue		

Drill pocket holes for 2-1/2" pocket hole screws as indicated by the arrows. I bought a 4' x 4' sheet of 1/4" hardwood plywood and had Home Depot rip mine into 9.25" strips

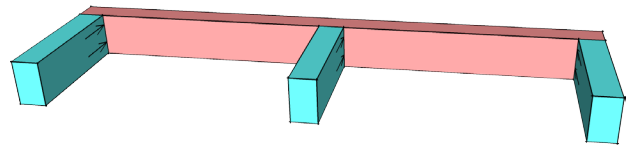

1

Screw the three 7.75" pieces to the back 32" piece

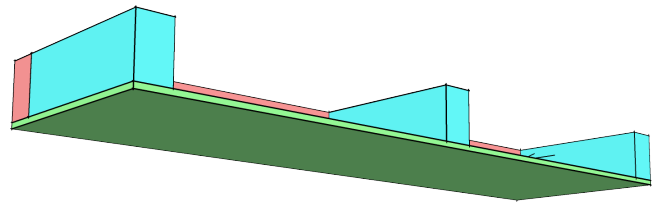

2

Locate your wall studs and transfer the locations to the back piece. Pre-drill two holes at each stud location and use 3-1/2" screws to attach the shelf to the wall.

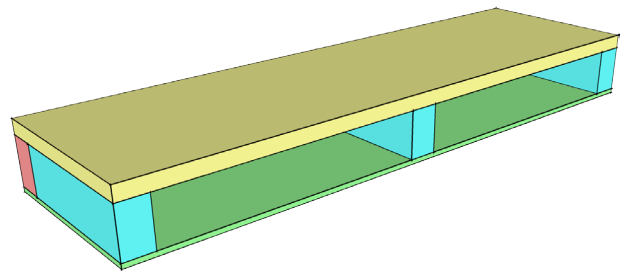

3

Add the bottom 1/4" plywood. This piece and the rest of the project will be attached with wood glue and brad nails.

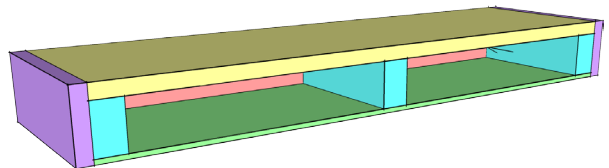

4

Attach the top 1 x 10 shelf.

5

Attach the side 1 x 4 trim.

6

Attach the 1 x 4 front trim. Now you're ready to tape off the walls, sand, and finish.
