### Supply List

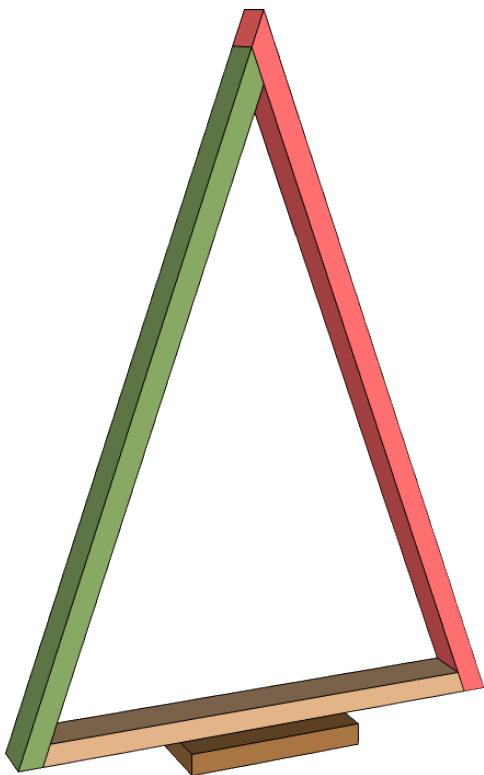

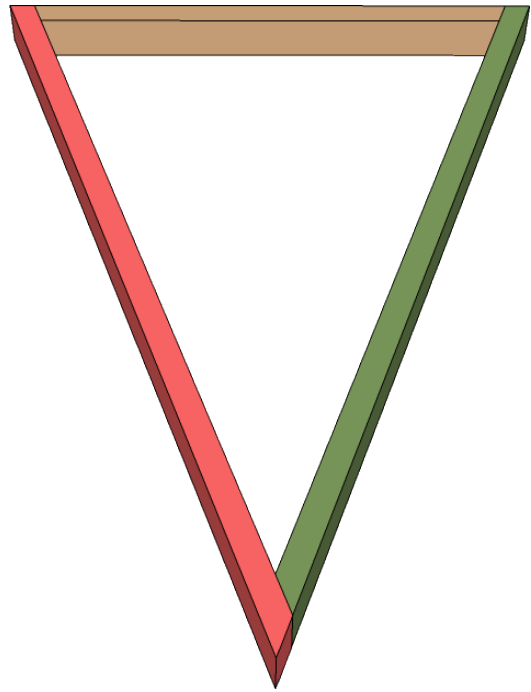

Item	Quantity	Description
1 x 4 x 16"	1	For the bases
1 x 2 x 6'	2	For the frame. OR one 1 x 2 x 10'
Brad nails	handful	
Wood glue		
Finish of choice		

Use the following measurements to make two decorative Christmas tree stands. One 24" tall and the other 18" tall.

1

This project is incredibly easy! Use the diagrams provided to cut all of your 1 x 2 pieces. Use glue at every joint and brad nail the frame together like shown. It will help a lot if you are able to clamp both pieces down before nailing each joint.

2

Next, glue and nail the frame to the 1 x 4 base. Fill any nail holes, sand, and apply a finish of your choice.

Now all you have left to do is decorate it. Be creative! As always we would love to see what you come up with so be sure to stop by our website and let us know!
