CUT LIST

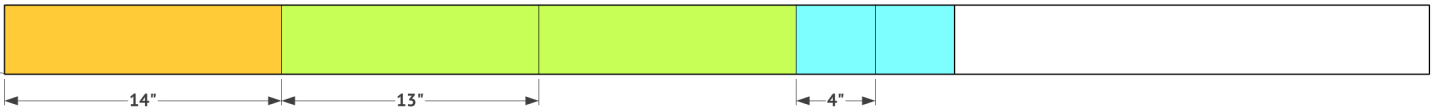

1/4" x 2 x 3

1/4" x 2 x 3

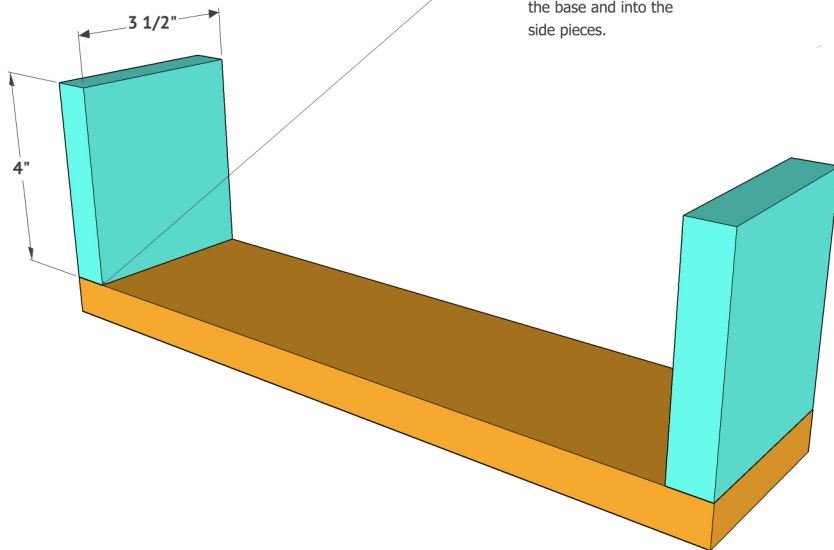

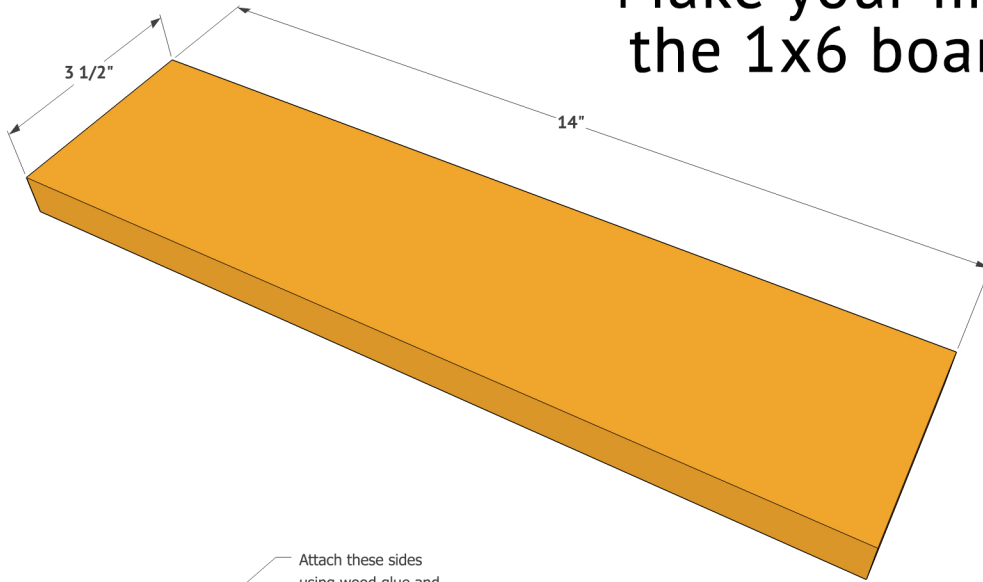

1 x 4 x 6

1

Make your first cut on the 1x6 board at 14".

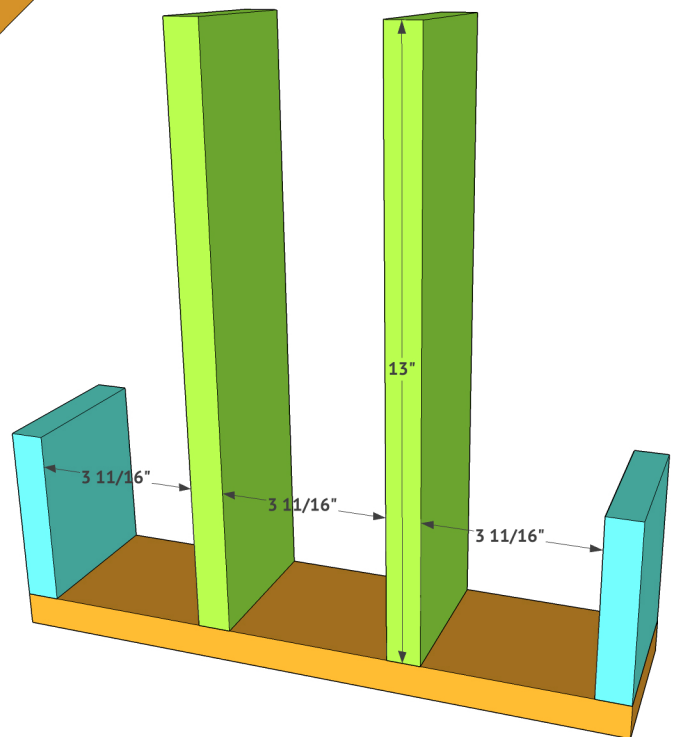

Attach these sides using wood glue and 1.25" brad nails through the base and into the side pieces.

2

Attach the small side pieces using wood glue and 1.25" brad nails.

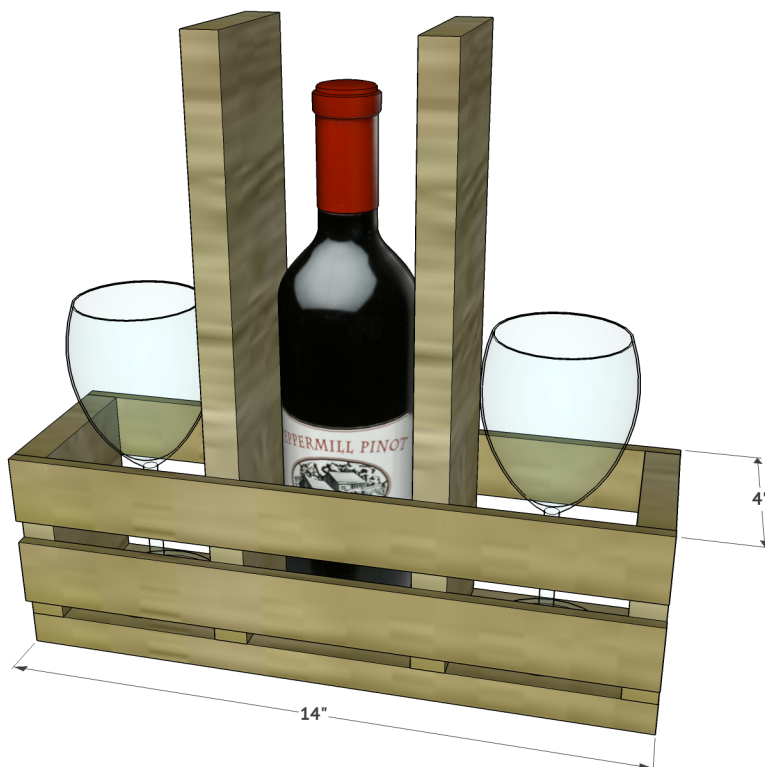

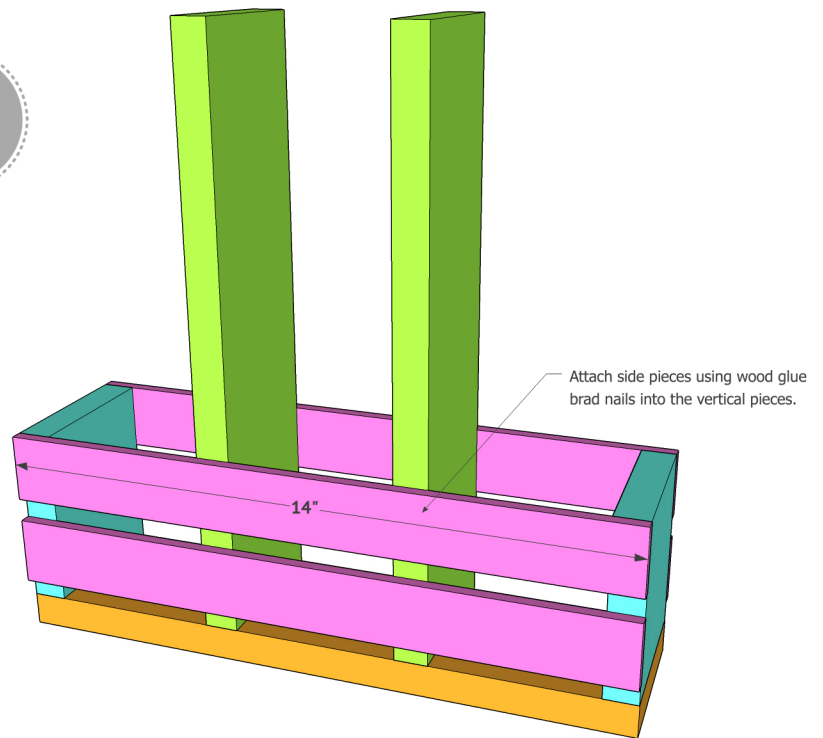

3

Now add the longer center pieces. Note the distance is equal between each board. Attach these using wood glue and brad nails as well.

4

Final step is attaching the long side pieces. These are the craft boards and will keep the wine and glasses inside. Use wood glue and brad nails to attach these. Make sure the top one is flush with the top of the short sides and the bottom one is spaced evenly.

You can finish yours however you want! Be sure to share your finish shots with us and tag us at @shanty2chic so we can see them and share them!
