Remember!

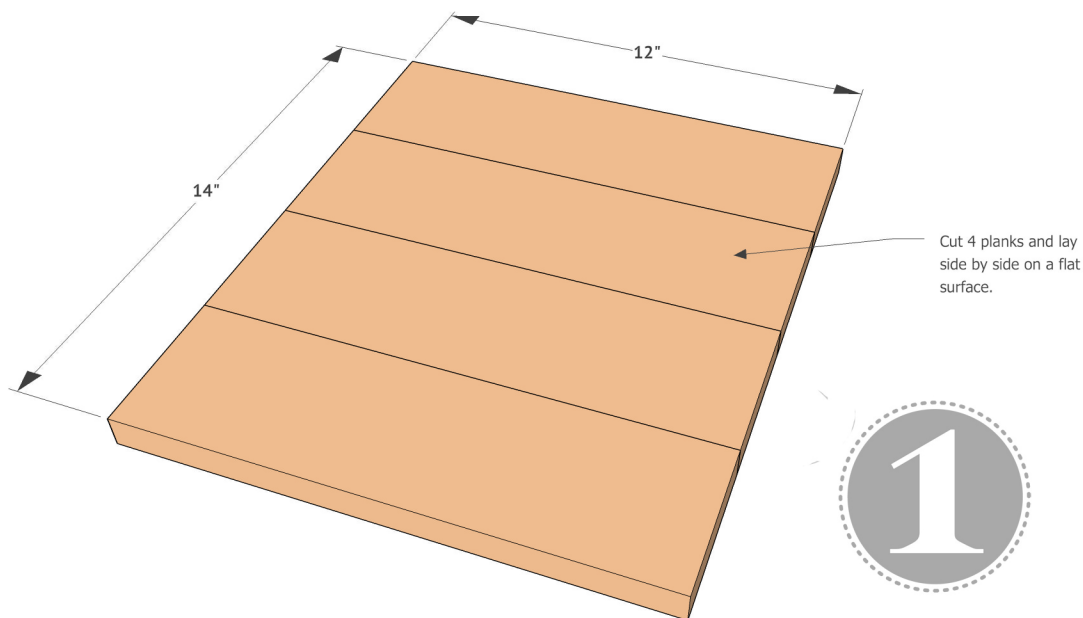

Many of these cuts are best made as you go. If you have questions, check out the tutorial on our site!

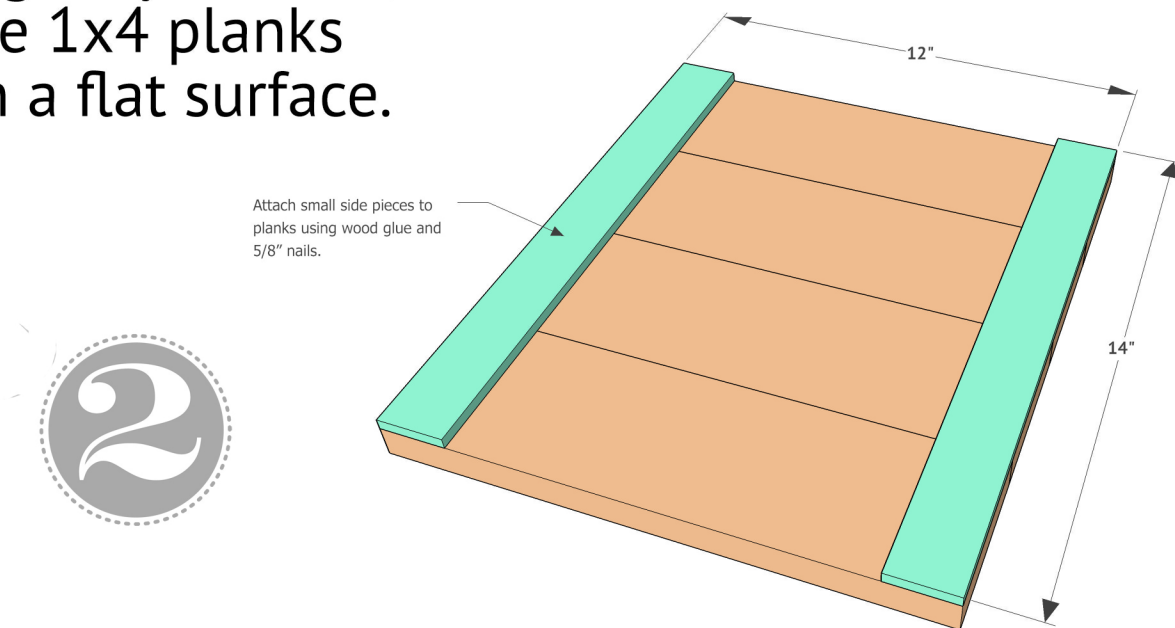

CUT LIST

**** This is the cut list for 1 frame**

After making all your cuts, line up the 1x4 planks together on a flat surface.

Now attach the craft boards to each end using wood glue and 5/8" nails. This will hold all the planks together. Final step is painting or staining your frame to fit your style. Once dry, attach a metal clip to the top of each frame using super glue gel or craft glue.
