Cork Board — 12" — 12"

12 1/2" 25"
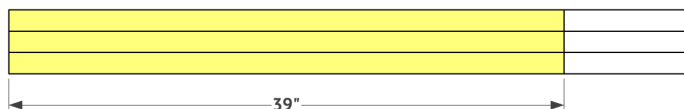

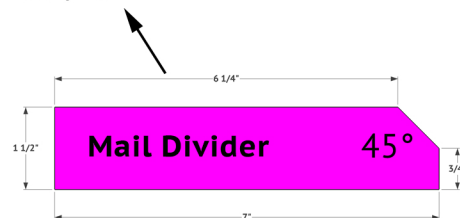

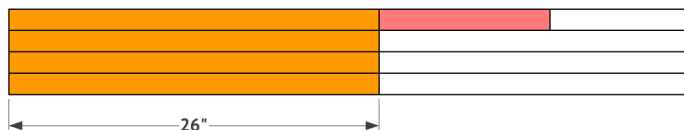

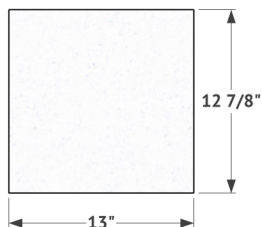

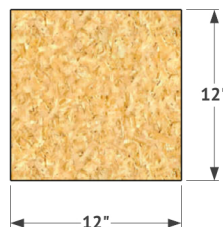

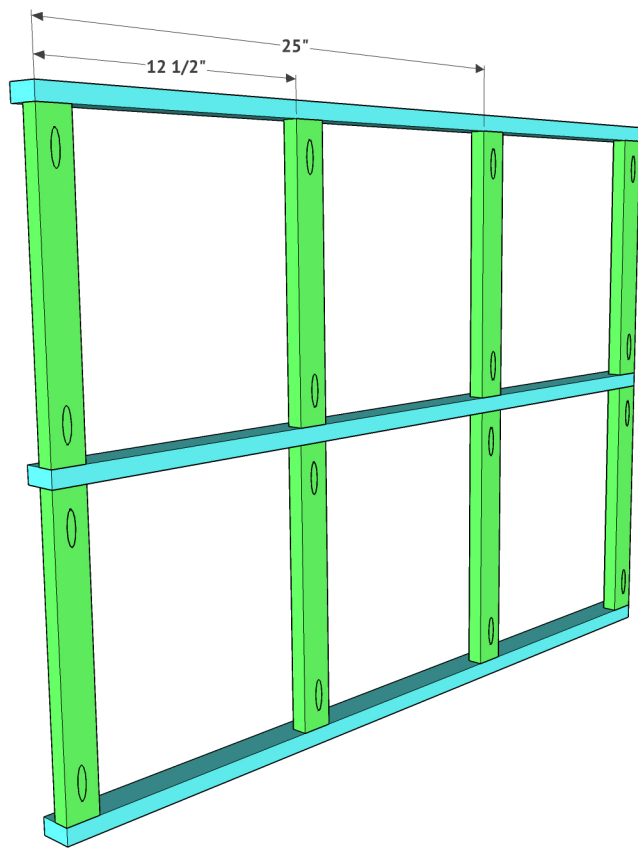

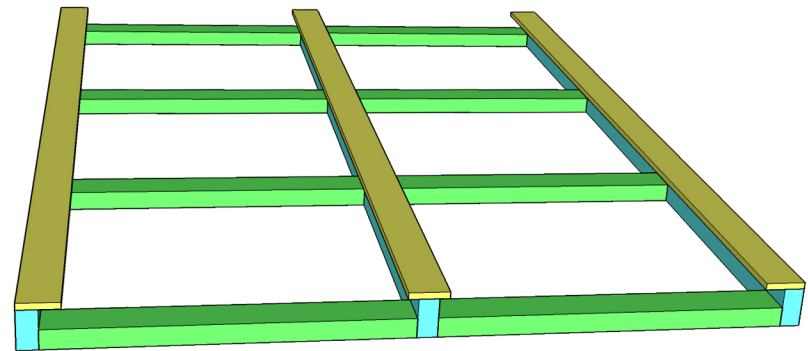

Cut the boards for the back frame and drill 3/4" pocket holes into each end of the short pieces. Attach the short pieces to the long pieces with 1 1/4" pocket hole screws and wood glue.

2
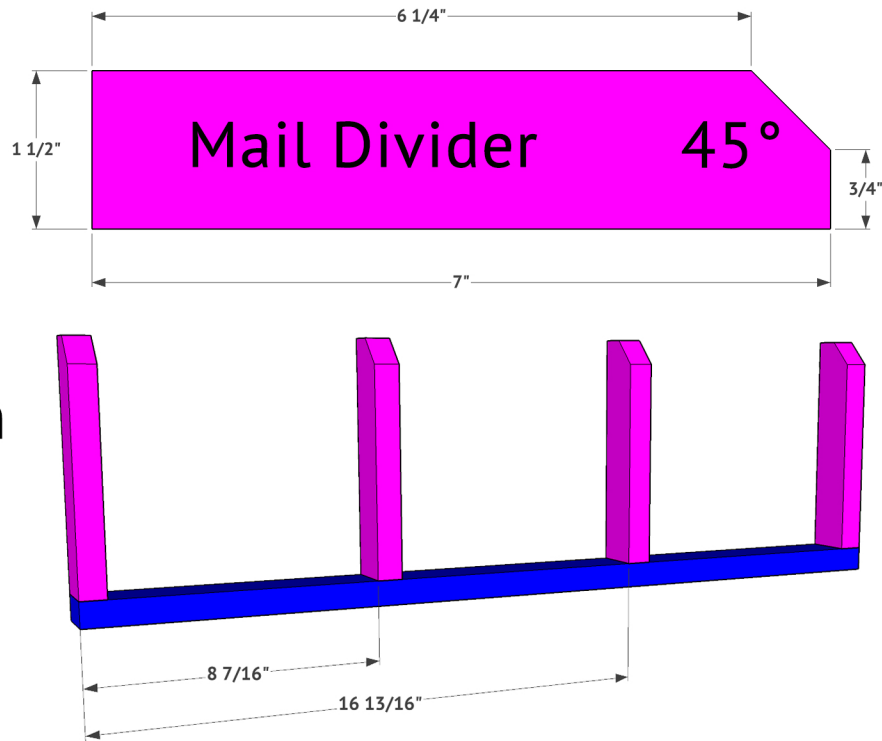

Cut the front slats, to size, and attach them to each of the three 1x2 slides with 5/8" brad nails and wood glue. The top and bottom slats should be flush with the top and bottom of the frame. The middle slat should center over the middle slide, so that there is a 3/8" overhang on each side.
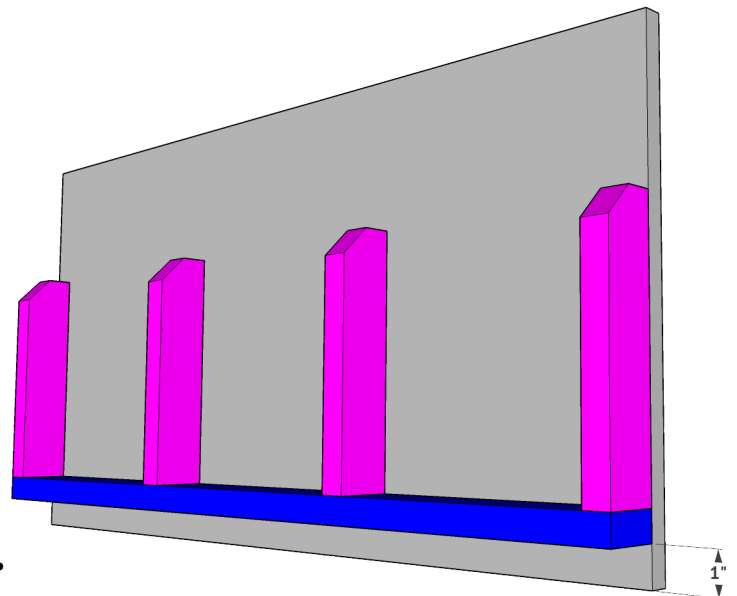

3/8" 3/8"
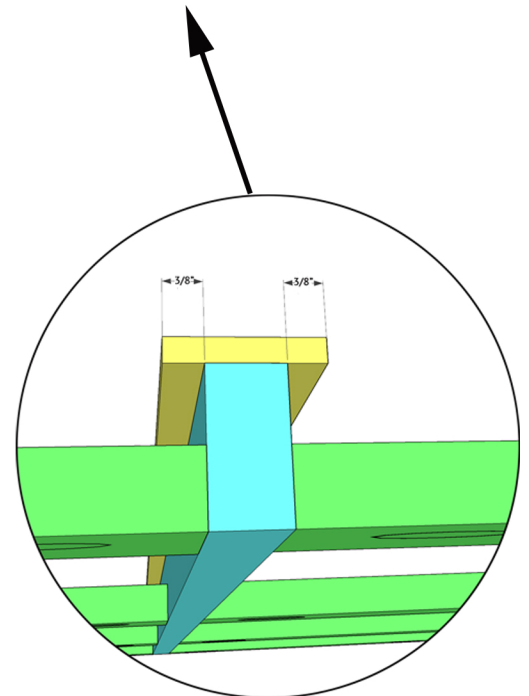

③

Cut the mailbox bottom and the mail dividers. Attach each divider to the mailbox bottom with 1 1/4" brad nails and wood glue.

3 11/16"

1 13/16"

⑤

Cut the mail sorter slats to fit and attach them to the front of the mail dividers with 5/8" brad nails and wood glue.

⑥

Cut the tiles for the cork, chalk and dry erase boards. Cut the dry erase board to size. Spray the chalkboard tile with chalkboard paint and attach both the cork and dry erase boards, to the wood tiles, with wood glue. Set the tiles aside to dry. (Tip: add a finish to the cork board tile before attaching the cork).

Cork
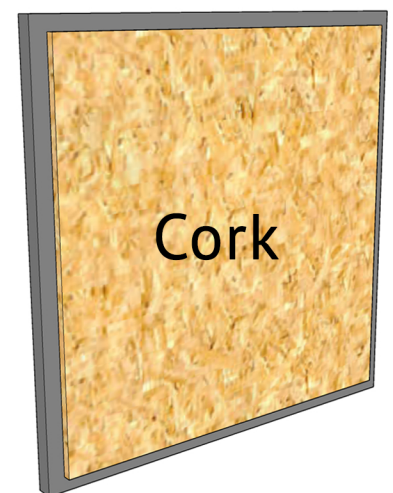

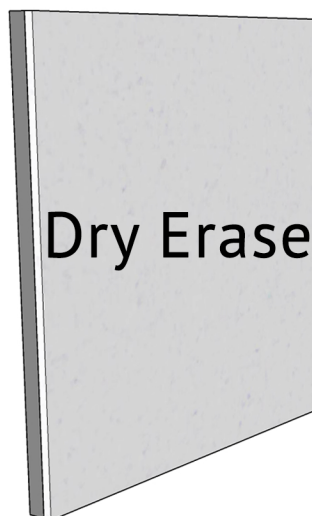

Cut the iPad tile. Then, cut the bottom piece for the iPad holder and attach it to the iPad tile, 1" from the bottom. Use 1 1/4" brad nails and wood glue, from the back of the iPad tile. There should be a 1/2" gap on both sides of the bottom piece.

1"

1/2"

1/2"
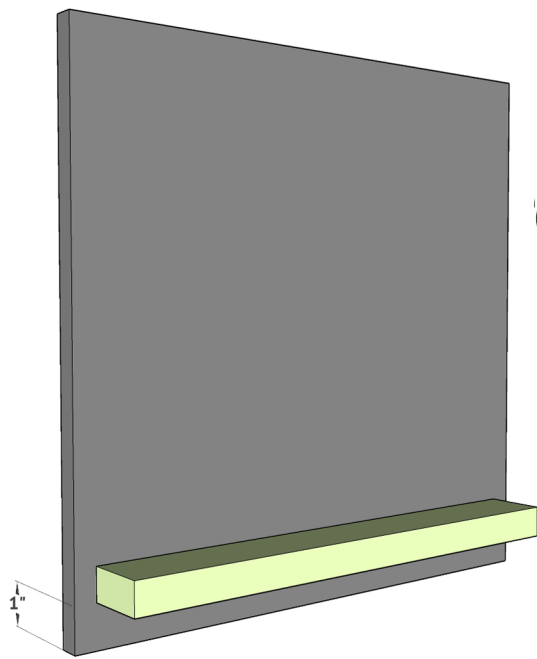

Cut the front piece, of the iPad holder, to size and attach it to the front of the bottom piece. Use 5/8" brad nails and wood glue.
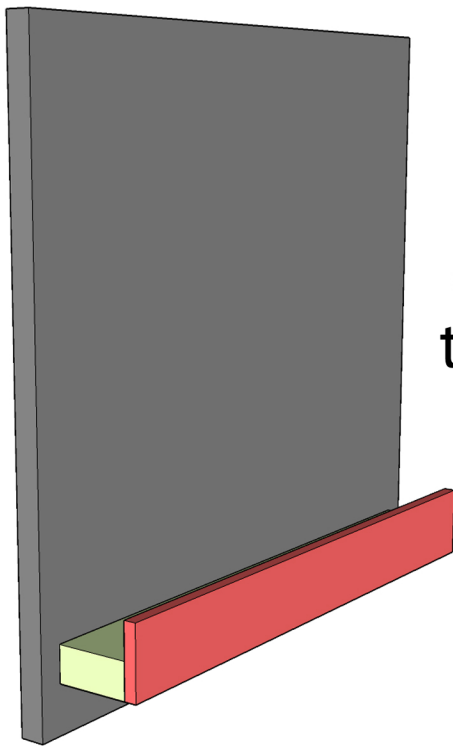

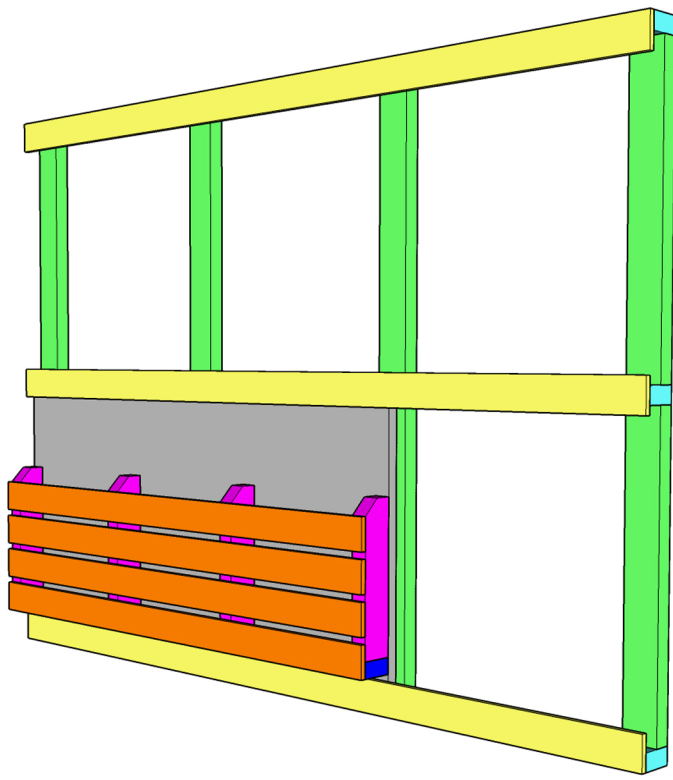

Add a finish to eveything, let it dry then slide the tiles in where you want!

All finished!
This is the perfect project to customize! You can place the tiles where you want, double up on the tiles or invent new tiles to fit suite your orgainzational needs! Make sure to share your builds with us on social media and use #shanty2chic so we can share them too!
