

15

Cut the second trim row to size and attach it to the trunk with 2" brad nails and wood glue.

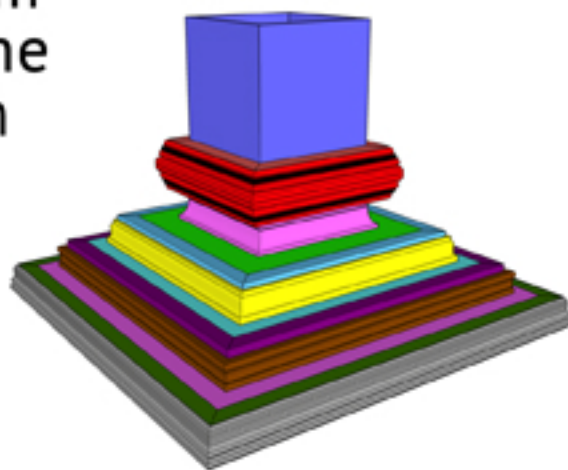

16

Cut the third row of trim to size and attach it to the second row of trim with 1 1/4" brad nails and wood glue.

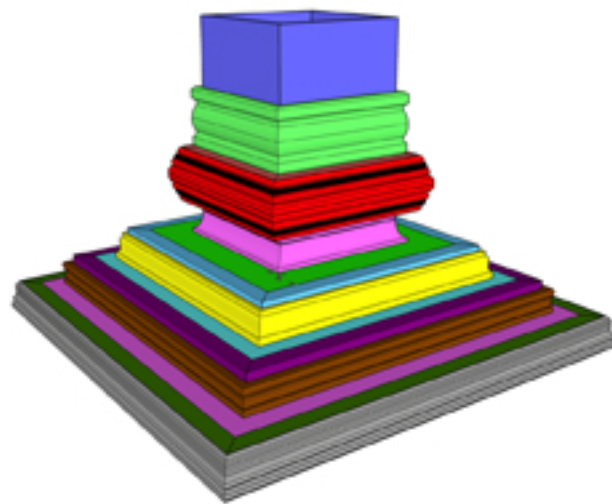

17

Cut the fourth row of trim to size and attach it to the second row of trim with 1 1/4" brad nails and wood glue.

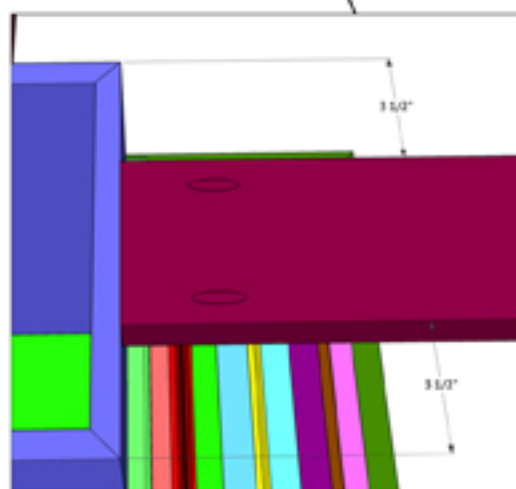

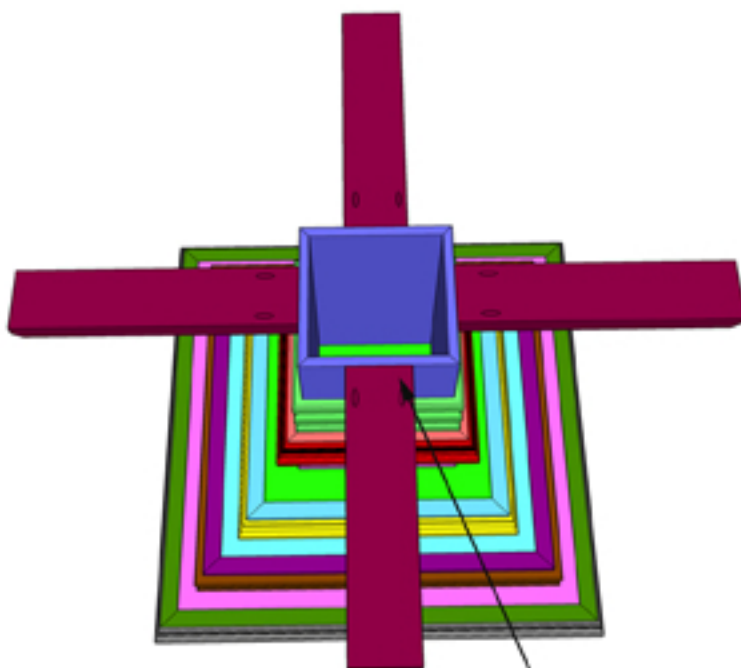

18

Cut the top trim to size and attach it to the trunk with 1 1/4" brad nails and wood glue.

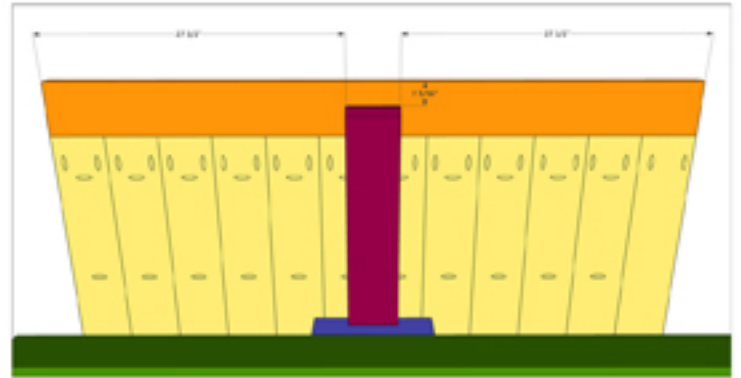

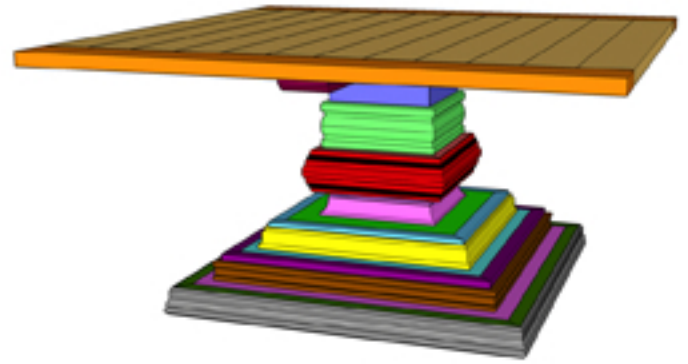

19

Cut the top support arms to size, drill 1 1/2" pocket holes on the square ends of each board. Center them on the trunk and attach them with 2 1/2" pocket hole screws and wood glue.

20

Attach the table top to the arm supports with 2 1/2" wood screws from the bottom of the supports and into the table top.

Now, fill your nail holes, sand it down and add a finish! You can get creative with the trim and make it your own! Make sure you share your builds with us on social media and use #shanty2chic so we can share them too!
