CUT LIST

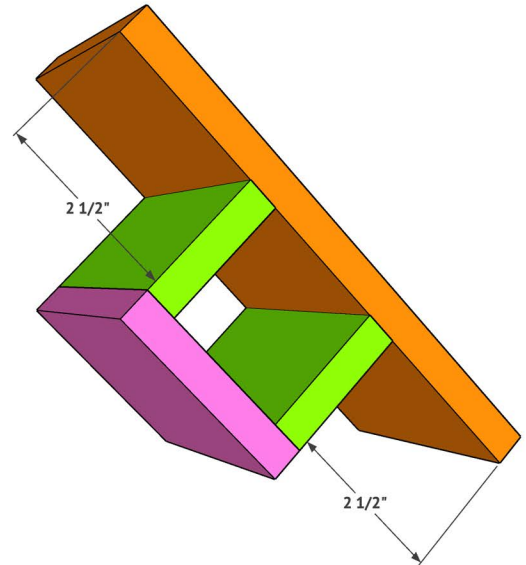

1

Cut all of the poplar pieces to size. Attach the first set of end pieces together with 1" pin nails and wood glue.

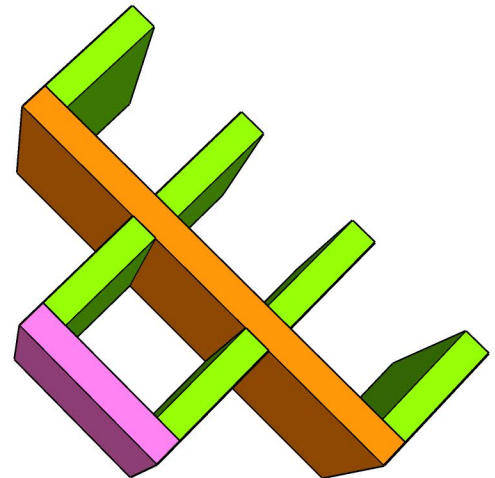

2

Center the end piece on an orange piece and attach it with 1" pin nails and wood glue.

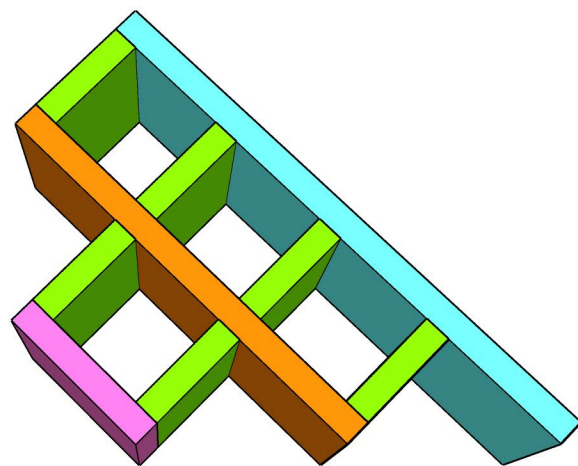

3

Add the next 4 short pieces to the orange piece with 1" pin nails and wood glue. For the 2 middle pieces, you will need to shoot your nails at a diagonal from the front of the boards.

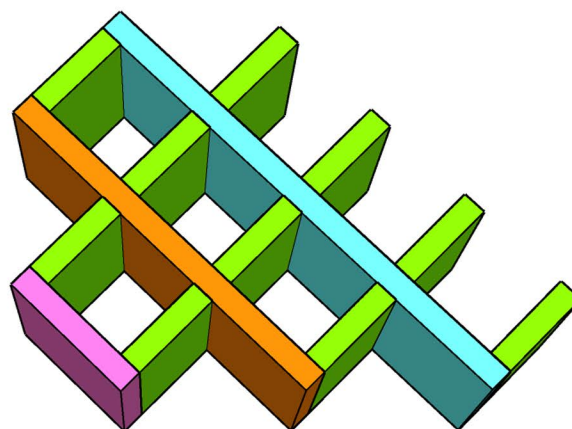

4

Attach the next blue piece, flush with the top green piece, with 1" pin nails and wood glue.

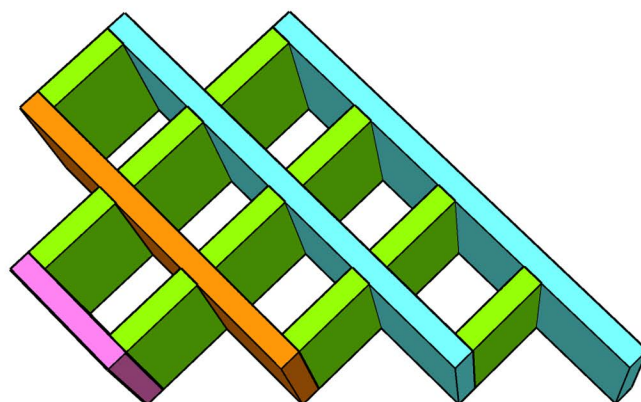

5

Attach the next green pieces the same way, starting flush with the bottom of the blue piece.

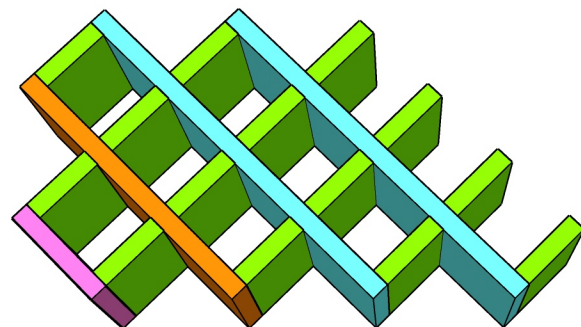

6

Follow up with the next blue piece, attaching it flush with the top green piece.

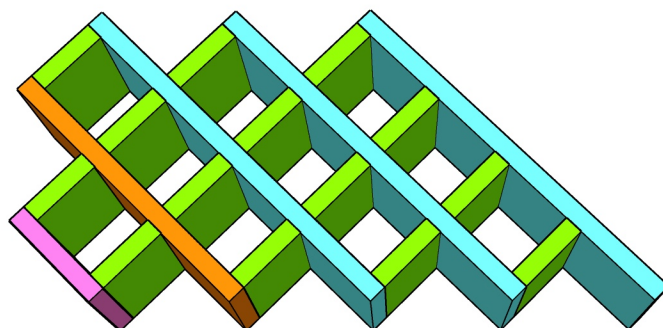

Attach the next green pieces with 1" pin nails and wood glue, starting from the bottom of the blue boards.

Attach the final blue board, flush at the top with 1" pin nails and wood glue.

Attach the next 4 green pieces the same way.
